

Hello 5th Grade Families!

We would like to communicate with you regarding the start of the new school year. As you all know, we have adopted a hybrid model which follows a single session schedule. The green cohort will be starting with in-person instruction on September 8th, and the yellow cohort will be remote. We would like to inform you about the remote piece, in which your child will be learning from home and live-streaming into the classroom.

Each teacher has their own individual Google Classroom. Before the start of the school year, please ensure your child has checked their school email and has accepted each teacher's Google Classroom invitation.

Once your child has done so, they will have access to all the provided information. In order to log into the live-stream component, your child will have to join each teacher's Google Meet according to the designated single session schedule. You should be following this schedule as if your child was present in the school building.

Below, we have provided instructions on how to join a Google Meet.

How to join a Google Meet:

1. Sign in using your google email address

([lastname.firstname@students.nhschools.net](mailto:lastname.firstname@students.nhschools.net))

2. Go to [meet.google.com](https://meet.google.com) or find the hangout meet icon in your google apps on the top right hand corner of your screen that looks like a waffle.

Reminder: the first time you use google meet you will need to allow the site to use your microphone and camera.

3. Click Join a Meeting

4. Type in the meeting code

5. Turn your camera on and mute your microphone. Click Continue.

If you have any questions please feel free to reach out to the 5th grade team. We are looking forward to a wonderful school year!

All our best,

Ms. Albano, Ms. Benevenga, Ms. Fieldhouse & Ms. Gokberk
