May 23-24, 2022	5 & 8 only	Science

Attendance and Punctuality

Testing schedules, locations and groupings are done with many considerations in mind to provide each student with the best possible testing experience. In order to minimize interruptions to the established testing arrangements, we kindly ask parents to be thoughtful of attendance and punctuality throughout the testing window.

Technology

Students will be using their school devices for testing. Therefore, we ask that all students bring their devices to school, fully charged on testing days. **Additionally, we ask that students bring in a set of traditional headphones on testing dates, as these will be utilized during various**

portions of the assessments. Wireless headphones will not be permitted. Other electronics such as cell phones and smart watches are also strictly prohibited. Students who have an unauthorized electronic device during testing may have their tests voided.
