1/5/2021

Dear Kindergarten Parent/Guardian:

Entering Kindergarten is an exciting time for all children. I want to ensure that everything goes smoothly for all children the first day. Please take the time to ensure that all information is submitted before June 25, 2021.

- According to the New Jersey State Sanitary Code (NJAC 8:57-4.1 TO 8:57-4.18, “Immunization of Pupils in School”), all children are required to be properly vaccinated in order to start school. Your child’s immunizations need to meet the required state criteria. The school must receive this immunization information before school starts this September. I understand that many of your children will visit their pediatricians during the summer. You can have your pediatrician fax these records directly to the school, you may email them, or you may mail them to Memorial School, before September 1, 2021. Your child will **NOT** be allowed to enter school unless I have received proof of immunizations before the start of school. To facilitate the registration process, please bring a copy of your child’s immunizations for me to review during kindergarten registration. I can answer any questions that you may have at that time.
- You will also need to bring a copy of a current physical examination from a Pediatrician for your child. The Universal Child Health Record form is available on the district website. Your Pediatrician needs to complete this form. Since most immunizations are given during this physical, it would be wise to schedule this important appointment as soon as possible.

Please do not hesitate to call me @ 973-427-8993, ext. 525, or email at dallen@nhschools.net if you have any questions or concerns.

Sincerely,

Dena Allen BSN, RN, CSN
Memorial School Nurse
